GENERAL MANAGER'S SPEECH

Mr Chairman,
Ladies and Gentlemen,

A very warm welcome to each and everyone of you. We are indeed very grateful to the Chairman, Mr Frank Yung, for gracing this very happy occasion. I would like you to know that Mr Yung has always expressed great interest whenever I discussed with him on staff welfare and related matters. He is always concerned that you, the staff, should be provided for as much as possible within the framework of a Statutory Board. We are indeed, very appreciative of his concern.

It is, therefore, appropriate that he is officiating at this afternoon's function.

As we have such a large representation of the staff here this afternoon, before I call upon the Chairman to address us, I would like to take this opportunity to thank all of you for the support you have given me and my top management staff in fulfilling our responsibilities.

As I mentioned at the launching of the Productivity Campaign I am supposed to be big wheel in Telecoms (The Chairman is the biggest wheel). But, whether you are a big, middle size or little wheel, - we all, together, makes Telecoms ticks.

I look forward to working with all of you as a team towards the greater objectives we have set for ourselves.

In the new Long Range Business Planning, we will be recommending to the Board as objectives - that the quality or G.O.S. of Telecoms services will be the best in the world in 10 years time and at that time we will be in the forefront in world telecommunication technology.

I look forward to your co-operation in achieving these main objectives.

Once again, a very big thank you to all of you for your support.

And now it is my pleasure to invite the Chairman, Mr Frank Yung to address us,

ladies and gentlemen,

Mr Frank Yung.
