About Cyber Security Agency of Singapore

The Cyber Security Agency of Singapore (CSA) provides dedicated and centralised oversight of national cyber security functions, and works with sector leads to protect Singapore's critical services. It also engages with various industries, and stakeholders to heighten cyber security awareness as well as to ensure the holistic development of Singapore's cyber security landscape. The Agency is part of the Prime Minister's Office and is managed by the Ministry of Communications and Information. Information on CSA is available at www.csa.gov.sg.
