Retired RSAF Super Skyhawks Find New Home in French Museum

12 Jan 2006

File photo: A4SU Super Skyhawk (Courtesy of RSAF)

Two of the Republic of Singapore Air Force's (RSAF) retired A4-SU Super Skyhawks have been donated to the French Aeronautics Museum (Musée de l'Air et de l'Espace) for static display. A Certificate of Transfer and Acceptance signing ceremony took place between representatives of the RSAF and the French Aeronautics Museum at Cazaux Air Base in France today.

The RSAF has been using Super Skyhawks for advanced jet training at Cazaux Air Base since 1998. In addition to sharing a part of the RSAF's heritage with their French hosts, the donation is also a gesture of appreciation for the warm hospitality extended by the French Air Force to the RSAF.

The RSAF acquired the A4-SU Super Skyhawks in 1974 and they were retired in March 2005 after three decades of service. The RSAF has donated three other retired Super Skyhawks to Temasek Polytechnic, Ngee Ann Polytechnic and Singapore Polytechnic for the

use of their Aeronautical Engineering, and Mechanical and Manufacturing Engineering students.
