About the President's Award for the Environment 2013

The President's Award for the Environment is the highest environmental accolade for individuals, organisations and companies that have made significant contributions towards environmental and water resource sustainability in Singapore. It recognises and honours the sustained environment and water related contributions by environmental champions from the People, Private and Public (3P) sectors.

Beyond that, this prestigious award also aims to inspire more individuals, organisations and companies to step forward and join the effort to tackle our environmental challenges. This will ensure that we and our future generations will have a lively and liveable Singapore to live, work and play in.
