LEE KUAN YEW REPLY TO C.H. KOH, THE HUNTER

Mr. Koh's statement reveals his attitude to politics. He looks upon himself as the predatory hunter who thinks killing will prove his manly virtues. If he regards himself just as a hunter out for fame and glory and benefit then he will need more than low cunning and a gun to succeed. He would do better to try and show if he can, how he can serve the people of Singapore in general and Tanjong Pagar in particular.

Surely the voters of Tanjong Pagar have the right to know what he stands for and why he is asking them to vote for him. We the P.A.P. have already declared our stand.
